CRUCIBLE

1943

Junior College

Bay City

YEAR OF EVENTS

Our halls are beginning to be rather empty of fellows now—the “co” has gone from our co-education. Still we are not mouldering away, for we have ingenuity and ambition—not to mention our studies (and let’s not mention them.)

Our various organizations have turned patriotic and practical in their work, trying to help the war effort—and our boys all over the world.

Numerous drives sponsored by the Non-military Affairs Committee were very successful. Servicemen all over town appreciated the magazines and books we contributed. Armed guards protected the homemade cookies during that drive and later took them by armored car to the U. S. O. The magazines, books, and especially, fifteen dozen cookies solicited here may have persuaded fourteen Jay Cee girls to sign up as U. S. O. Hostesses. Whatever persuaded them, cookies or servicemen, the U. S. O. was grateful.

The biggest drive we have had was the stamp sale. Every week the girls selling Defense Stamps practically lassoed the unsuspecting—and usually broke—passer-by, and asked him to buy stamps. The last week of April was rather hectic (not only for the stamp committee, but for the whole school) as we finally earned our Minute Man Flag.

The school events of the year began with the Freshman Mixer where we “broke the ice.” Betty Ann Deyer and Robert Schroeder, co-chairmen, lead the dancing and games after supper.

To Allan Hale’s dreamy music Virginia Rookus was crowned Queen of the Jingle Bell Ball. They say “Heavy is the head that wears the crown,” but Virginia looked rather light-headed wearing her crown of white flowers. Joan Blum and Gretchen Hine, Queen Ginny’s attendants, were presented with gardenias.

Our parents and teachers discussed us freely at the Open House. Perhaps some students (some?) had to talk fast to save face with either parent or teacher. “A good time was had by all.” (?)

Midsemester exams and grades were unspeakable—so let’s not speak about them.

Candy is usually a pleasant topic with those who patronize the candy counter. But this year we couldn’t talk long about the candy in the counter; most conversations were about the candy **not** in the counter. In spite of the shortage the girls made a considerable amount of money; and to keep up the spirit of competition between groups, they were often found at an almost empty counter—selling suckers.

The school year will close with the Commencement Dance, Baccalaureate Service, and at last—Graduation of the Sophomores.

Never will another year be quite like this one—with its colorful war posters, and dwindling male enrollment (leaving those remaining that much more important.) We will long remember the funny, unusual **little** things. Of course we had fun; for youth must laugh.

Our Annual Staff lines up. Where's Kathy?

The Art Staff lays out the Annual

PUBLISHING THE YEARBOOK

Graduation Crucible out May 28.

Man must work while women play.

CAMPUS

Dear Jay Cee—Zers

So you are ready to conquer the world.

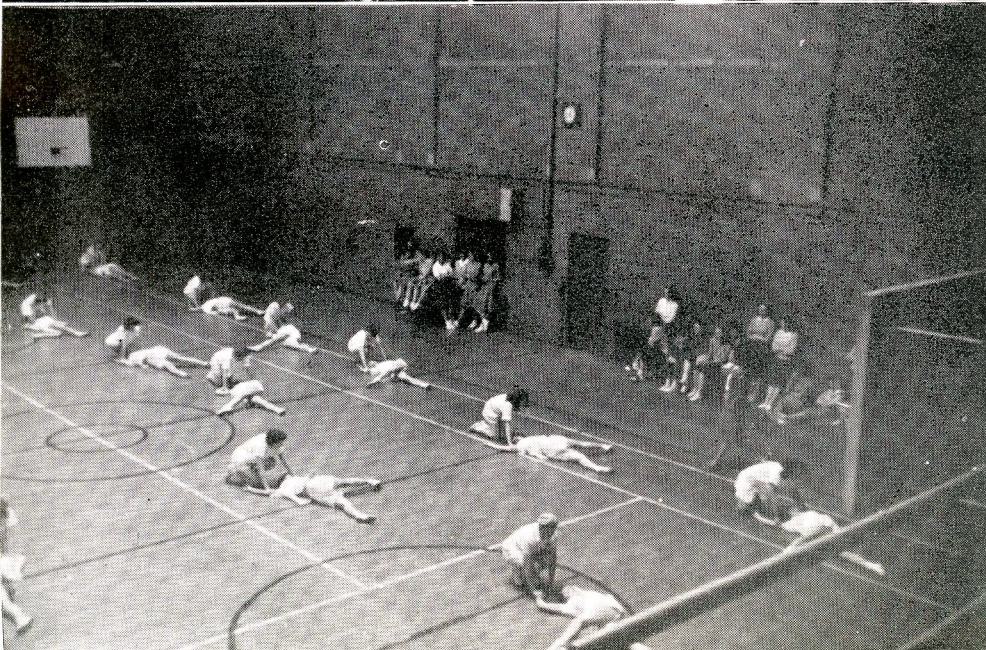

We never thought our Alma Mater could seem so empty without your cheery voices ringing down the halls, but we know you have a job to finish before you can return, and we all say—more power to you!

Your letters to us have reported on your progress, but we haven't had the chance to write you what we have been doing since you left. You probably haven't much time to even give us a thought, but it has been different with us. Not a day goes by that someone of us doesn't mention your name.

Just as your life is much different, our life at J. C. has had changes too. Some of the activities have been disbanded. But even with all the war regulations, we have still been able to do things and see places. You might even be shocked to hear we have more time to study, and we really are working harder.

We of the literary staff are devoting the next few pages to writing you a personal letter to let you know what great feats we have been performing. We all hope you enjoy our letter as much as we enjoy writing it.

We have a **War Council** now. Remember we had a Defense Council when you were here, but now it has been reorganized, and we are all-out for Victory. Our purpose is to assist the students in fulfilling our nation's war

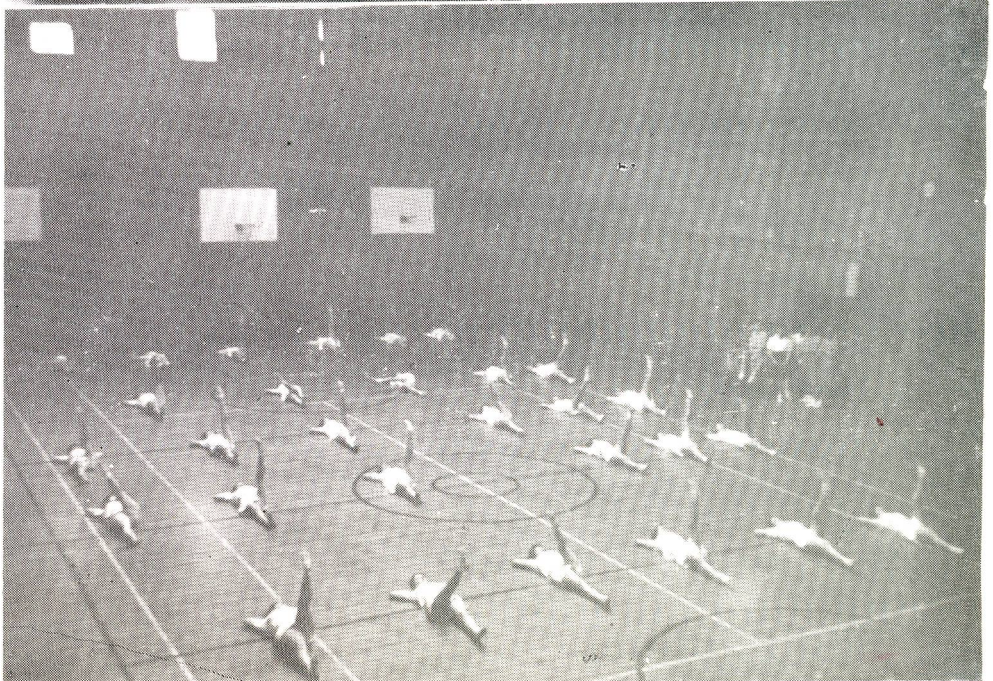

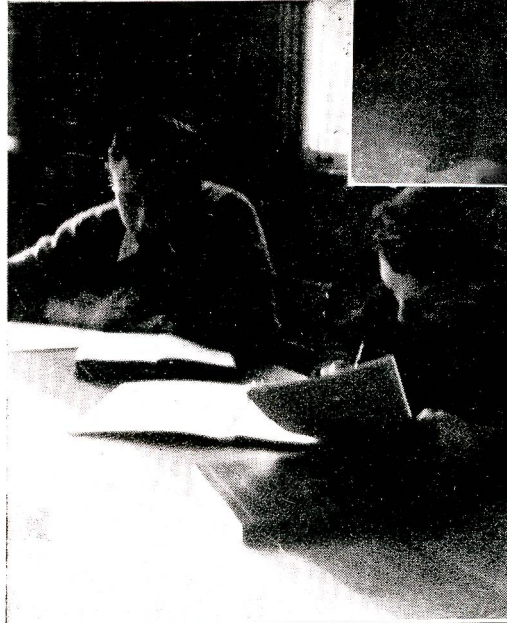

ACTIVITIES

efforts.

Mr. Rogers has been the Council chairman for the past year with Miss Weed as his secretary. The committees and chairmen have been as follows: Military Service Committee, Mr. George, J. C. faculty chairman and Gretchen Hine, student chairman; Civilian Defense Committee, Mr. Martin, faculty chairman; College Non-Military Service Committee, Miss Hodgson, faculty chairman, and Doris DeVinney, student chairman; Civilian Morale Committee, Mr. Klingbiel, and Fredrick Mammel, student chairman; Curriculum and War Committee, Miss Anschutz and John Coates; Publicity and Archives Committee, Miss Schroeder and Floyd Slasinski. Other members participating in the group are Dean Butterfield, Elaine Batzer, and Dean Willoughby.

There were war stamp drives every week, and we are happy to say that we got our Minute Man flag and topped our goal of 90%, by getting 100% purchases of War stamps and bonds. Various members of the stamp committee solicited those who had forgotten to buy and found them willing to cooperate. (especially the Engineers!) Well, so much for the War Council.

In the fall we elected into the **Student Council** Dean Willoughby, chairman, Paul Rupff, Don Sievert, and Frances Fogelsonger from the sophomore class; Joan Blum, secretary, Bruce Otto, Ed Cederberg, and Bob Bixby from the freshmen class.

CAMPUS

As you know, Don Sievert, Bruce Otto, Ed Cederberg, and Bob Bixby were called into service during the year, so we held a special election to fill these vacancies. We elected Margaret LaFountaine, sophomore, and Doris De Vinney and Florian Lukowski, freshmen.

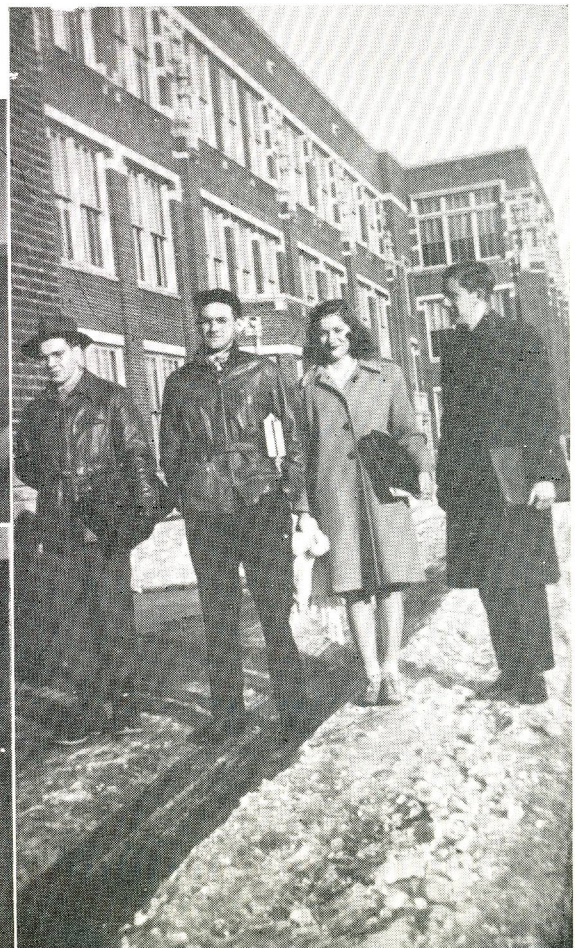

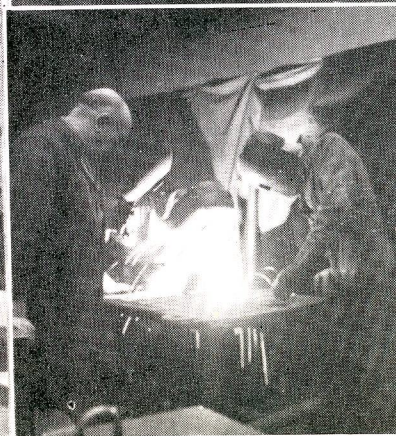

As chairman of the standing committees we appointed Ted Bartkowiak, athletics; Gretchen Hine, Calender; Paul Rupff, finance; Catherine De Waele, lounge; Pegge McNamara, pins; Margaret La Fountaine, publicity; Frances Fogelsonger, scrapbook; Florian Lukowski, booster; Julianne Czajka, social; and Ed Cederberg, assembly.

There was many a laugh about the lounge spring cleaning, which was put off until an unhappy group was finally cornered. The committee (approved and appointed by popular demand) washed and dusted in tune with a solid Boggiebeat coming from the radio. All is well and serene now, waiting for the summer students to take over.

Working with the **Student Council** in directing College affairs, the Women's League elected Elaine Batzer for president, Julianne Czajka for vice-president, Gretchen Hine as recording secretary, Marjorie Johnson as corresponding secretary. The committee chairmen were Wilma Kotesky, Social; Betty Ann Dreyer, Athletic, and Catherine De Waele, Candy.

The group leaders:—Auræ—Marion Laundra, Arpalia—Dorothy Bryce, B. O. B. A.—Margaret DuLong, Corona—Susan Kavanagh, Mystics—Virginia Easterly, and S. S. S.—Patricia Clancy all planned parties that were really fun. Everything was overseen by Miss Schroeder—chairman, Miss Anschutz, and Miss Hellmuth.

Our aims are the same, our activities various.

ACTIVITIES

The Christmas dinner was held before vacation and helped us find our Christmas spirit. When the May Banquet was held, we all turned out in our best bib and tucker and ended our Women's League activities with a final flourish.

The elven new members of the Beta Gamma Chapter of **Phi Theta Kappa** were thrilled and honored to be invited to join our honor fraternity. Phi Theta Kappa, you know, is a national organization for which scholarship, leadership, and character are the qualifications.

The present officers of our chapter are: President, Frances Folgelsonger; Vice-President, George Klepser; Secretary, Elaine Batzer, and Treasurer, Floyd Slasinski. The new members are: Irving Andrzejewski, Joan Blum, Laura Burgess, John Coats, Julianne Cyajka, Mary Ellen Follette, Joseph Gregory, Gretchen Hine, Joyce Krabbe, Florian Lukowski, and Phyllis McCall. The sponsors are Miss Anschutz and Miss Hellmuth.

The social activities of the year were the Pledge Service April 19, and the Initiation Banquet, May 24, both at the Y. W. C. A. At the Pledge Service the lucky eleven gave their pledges and received pledge pins. The key may be obtained after initiation. The faculty and friends were invited to attend the banquet. Dr. John Gardner of Midland First Presbyterian Church spoke.

We purchased a Service Flag in the honor of all J. C. men in active military service. (One of the stars is probably yours.) Armistice Day we dedicated the flag at a special assembly.

Remember that day when— —?

CAMPUS

Our **Socio-Geographic** Club enjoyed a full schedule this year, but because of gas and tire rationing all the meetings had to be held in Bay City.

Our social program began with a tea held in the college lounge honoring the new members. On October 8, Miss Hodgson, the club sponsor, acted as hostess at the dinner held at Mrs. Miller's, the tea room on Broadway.

Highlight of the year was the semi-formal dinner at the home of Audrey Sams. We got the Yuletide Spirit, and filled a basket with groceries for a poor family.

You know that we are always ready to help those in need, and the club raised \$127.07 for the Chinese Relief Fund by selling various articles to the students.

We elected for officers: President, Audrey Sams, Vice-President, Margaret Dulong; Secretary, Ann Pearsall.

The **Tetra Sci** has been having a jolly good time as usual. The future nurses, Doctors, Dentists, and Pharmacists elected Bob Koeser, (you of course remember Bob?), as president, and Bill De Young as Vice-President, Marjorie Miller as Secretary-Treasurer.

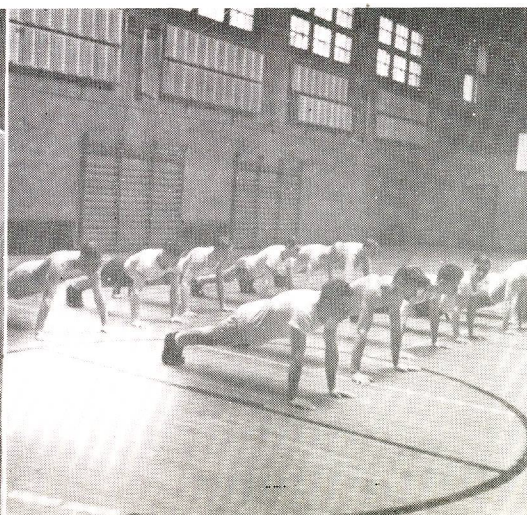

Remember how you loved crispy fried fish? Well, we had a "fish-fry" at Kawkawlin. The home-made cider our sponsor, Mr. Martin, brought was just "out of this world."

The rainy, dark day didn't stop us from having a wonderful time. We had to wade through mud up to our ankles, but we went canoeing down the dark, romantic Kawkawlin River anyway.

At Mr. and Mrs. Martin's dinner party we gathered 'round and ate delicious "gulosh" concocted by Mrs. Martin's expert hands. Then we played pool (Carrie North was highest as usual) and, believe it or not, we taught Bob Roeser how to knit.

The following few lines may somewhat surprise you, but the war has brought about a great many changes in the **Engineer's Club**.

As you know, our organization represents the students enrolled in the engineering curriculum, but has been very inactive during the past year because any moment we expected to be called to service.

Hold it, fellows! Greetings Tetra Sci!

ACTIVITIES

Our officers this year have been, Donald De Frain, president; George Klepser, vice-president; and John Stone, secretary. Mr. Rogers is the faculty sponsor.

Without a doubt you will remember how important the **Rifle Club** has always been. It is one activity we get a big bang out of.

This year we elected as officers Don Carter, president, Joe Simon, vice-president; Bob Schmuck, secretary; Earl Martin, range officer, Mr. Stiles is the sponsor.

The Rifle Club instructs in the proper theory of rifle marksmanship, and we became a member of the National Rifle Association and have been giving this pre-induction training to twenty-four reservists and civilians.

In the past we visited various local industrial plants and attended the open house at the University of Michigan, but our activities have been entirely abandoned.

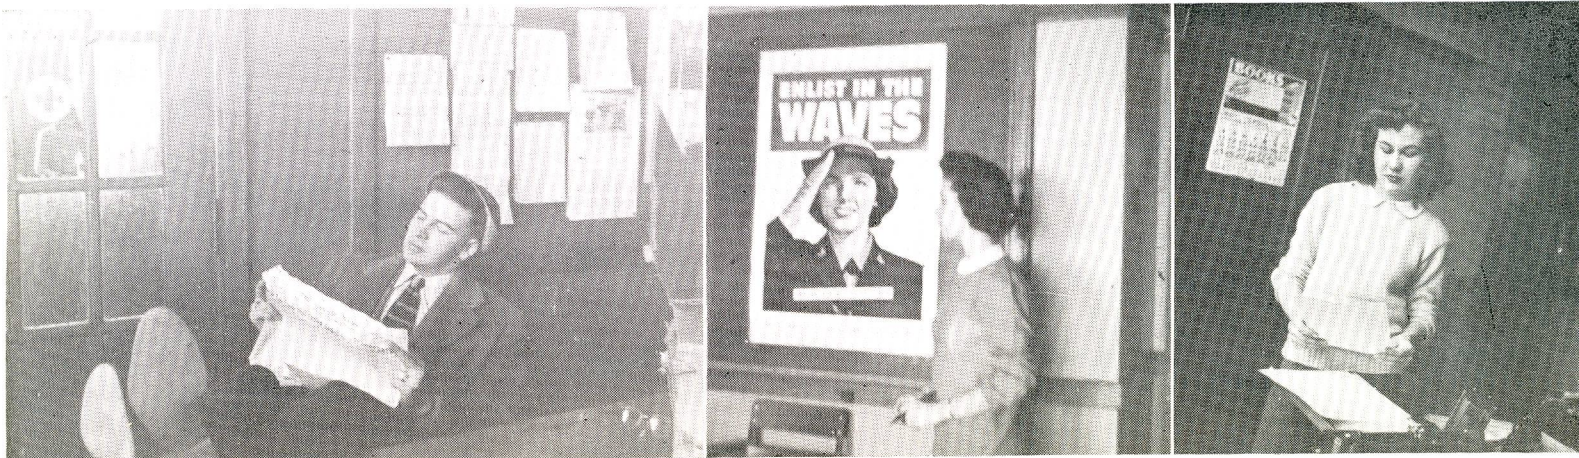

Mr. Stiles has been thinking about letting the girls have a Rifle Club. Perhaps next fall there will be girls shooting every week, but Mr. Stiles will not be the target—he hopes.

Sports this year have been important to us, now that we must be on our toes every minute. Our basketball team, coached by Mr. Hood, did not fare as well this season as in past years. The J. C. Bearcats won three contests and lost eight.

This year J. C. letters were awarded to the following men for their service in basketball.: Dean Willoughby, Bob Schroeder, Joe Simon, Ray Halub, John Tews, George Waldron, Al Boucher, Ronald Sievert, Donald Sievert and Ted Bartkowiak, student Manager. Bob Schroeder was elected captain of the squad.

In football and basketball the Freshmen beat the vaunty Sophomores, and the Freshman Engineers pushed over the Army Engineers by a count of 26 to 11. The Army Engineers still haven't lived down the ribbing the Freshmen are giving them.

The women have not been active in Field Hockey, tennis, or golf this year, but have substituted strict exercises and bowling. It was really a scream to hear the girls groan after the work out they got in gym classes. You have probably heard that the exercises are ones used by the women in the armed forces, so you can imagine the torture they had to go through.

Shall I? Shall I not?

Life has many viewpoints.

We can't forget our Bowling. You can imagine what a time the spectators had watching the beginners. Balls dropping this way and that, taking chunks out of the floor, or zooming for the gutter. Well, to make a long story longer, we have some excellent bowlers who can roll a mean ball.

This year our **Christmas play**, "Emanuel," was really a huge success. Of course our own Mr. Klingbeil was the director, and Ardith Sanquist, student director.

It's too bad you couldn't have been with us during practice. What a time we had! Some of the

From the kindergarten to the world of action.

Aim carefully! Fire!

boys were suddenly called to Detroit for Army physicals and we had to substitute in the last minute. You could find the understudies frantically trying to learn their lines in the last few hours.

Of course you know that putting on the grease paint is always the funniest part. Catherine DeWaele and Ardith Sandquist had to chase after the fellows in order to apply the proper color, and really, you wouldn't have recognized some of them when the girls got through. Wendell Ramseyer certainly looked the part of King Herod with a mustache and beard, and Marjorie Miller was the typical Gabriel.

Yes, we study business and geography.

CAMPUS

The play dramatized the birth of Christ and was given in four acts. Everyone especially remembered the court scene, which was beautified by the lovely ladies-in-waiting the king's throne, and the scene in Bethlehem, showing Mary, Joseph, the Christ Child, the Wise Men and the Angels.

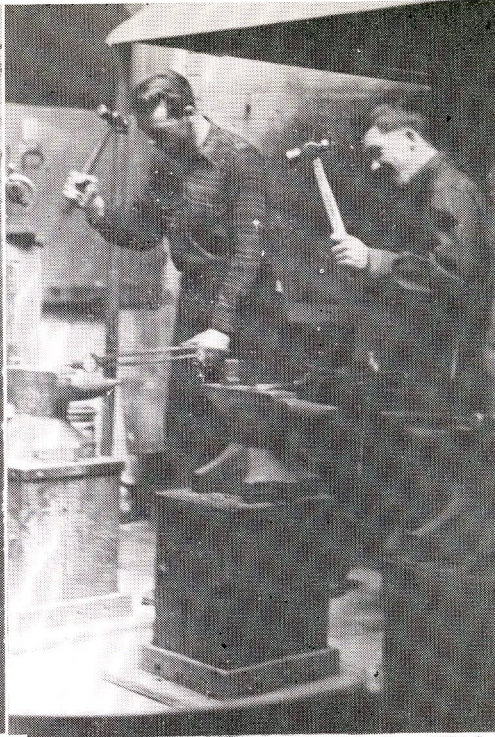

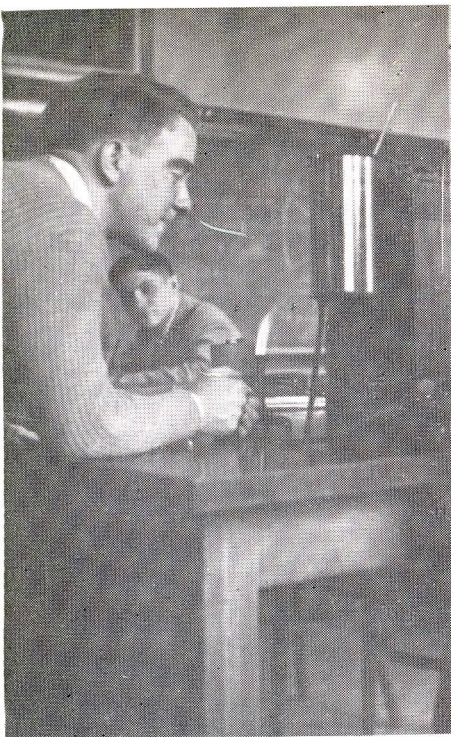

The choir, under the direction of Mr. Roth, sang the Christmas Carols.

The **Crucible** reached its peak this year according to most rumors. We have had more local news than ever before and have added many new features.

The whole staff contributed excellent articles of our social and even our personal life that gave the paper variety.

The paper, which is a member of the Associated Press, had the following staff from September "42" to February "43". Editor, Don Sievert; Features, Helen Jacoby; Exchange, Julianne Czajka; Editorial, Robert Wiecha; Sports, Ed Sturm; Reporters, Shelley Ruf, Gertude Campau; Editorial Adviser, Nellie May McGregor.

The staff from March "43", however, saw a definite change. Since many of the boys left for service, the girls had to take over the vacancies. The staff was: Co-Editors, Helen Jacoby, Julianne Czajka; Editorials, Mary June Paull, Charles Beyette; Features, Shelley Ruf, Joan Blum; Women's Sports, Kathleen Dilas; Men's Sports, Theodore Barowski; Reporters, Gertrude Campau, La Burgess, Lamoyne Nash, Marilyn Tremble, Delores Bakeraites, Marion Laundra, Marjorie Miller, Frances Fogelsonger, Gretchen Hine, Elaine Batzer, Ruth Johnson; Editor,

ACTIVITIES

ial Adviser Nellie May McGregor.

As our letter comes to a close we hope that our efforts to tell you what has been happening since you were called, have been successful. This Crucible Annual Staff has had more than its share of the usual publication difficulties because of the war. We hope we have given you a lasting and pleasant remembrance of your study at J. C.

We must thank Miss Virginia Eicholtz and Miss Jane Dempster, Art instructors, for their inspiration and unselfish service, and the Art Staff for its excellent work—Art Editor, Marjorie Miller; Art Committee, Dorothy Bryce, Inez Prior, Ada Gaudreau, Anne Pearsall; Snapshot Committee, Marion Laundra, Jeanne Loyster, Anne Bullis, Mina Sicard, Don DeFrain and George Klepser.

Now remember that you owe us a letter. . .
. . . Good luck and may J. C. always have a place in your memory of good times.

Sincerely,

Those you left behind,

Editor -Kathaleen Dilas

Literary Staff -Laura Burgess,
May June Paull, Ruth Johnson, Wallace Alspach, Fred Mammel, Gert-rude Campau, Elaine Batzer, Helen Jacoby, Frances Fogelsonger, Dolor-es Busch, Lamoyne Nash.

P.S.

Has our hard work been in vain?

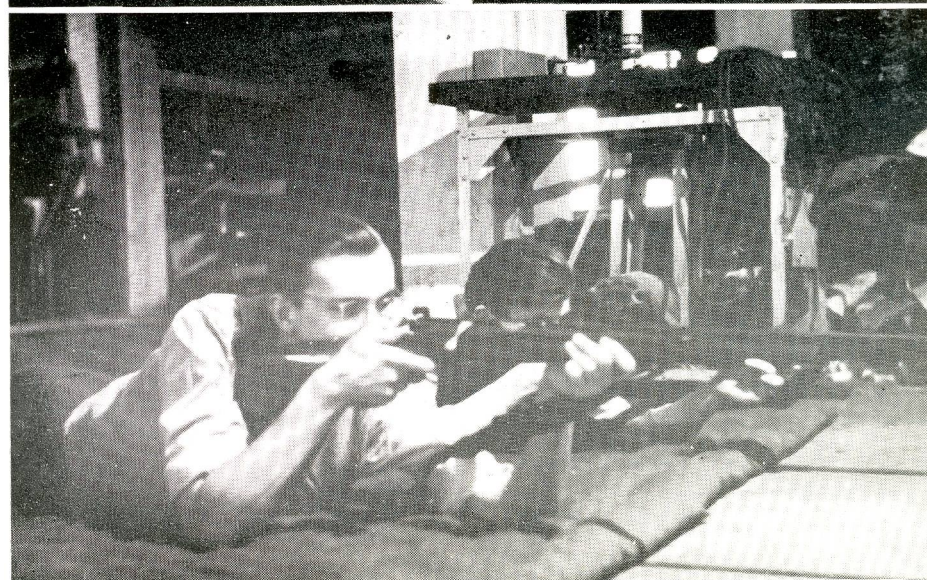

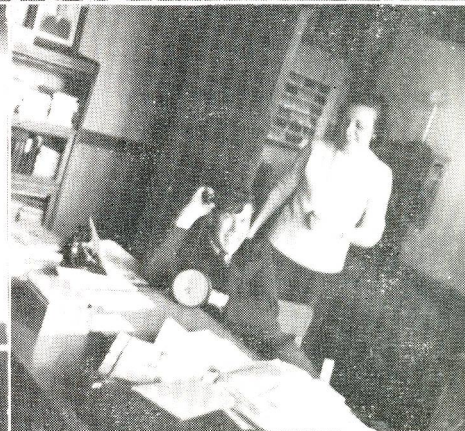

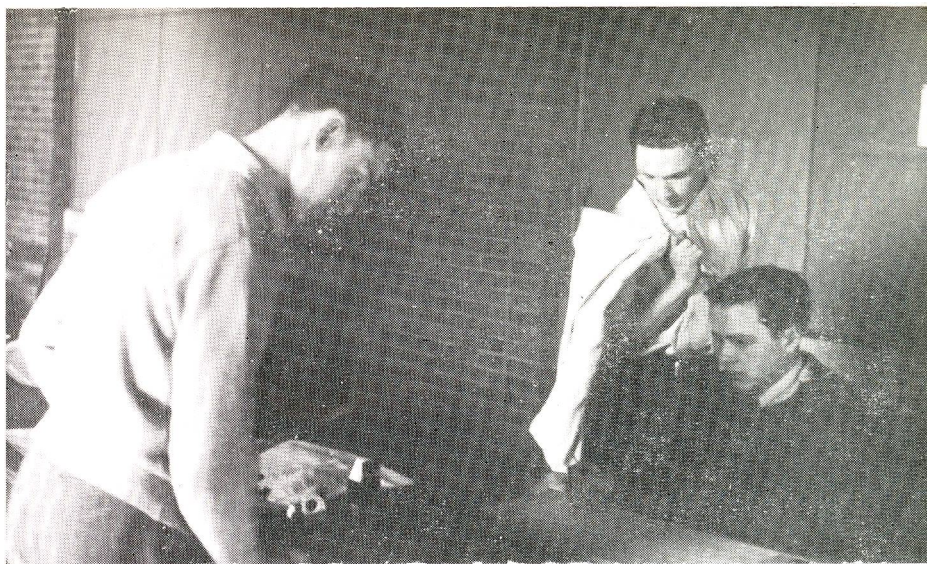

Will our readers be left in pain?

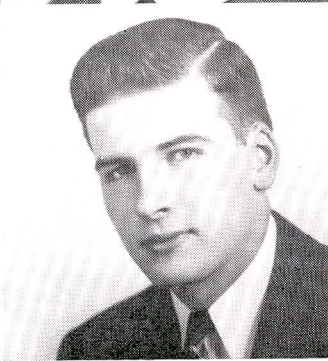

At least we've done the best we could,

And you should like it 'cause its good.

If some mistakes are to be found,

You can't find us—we're out of bound.
